Hello again. My first issue of ERO was a triumph over the odds. It was also the first time we used color throughout and it's the same problem we've now had in your front. Tough pictures with delicious models who really love to show off their bodies.

The biggest cut in the paper will be photos in my own. Compare with the picture above.

Strip and Lingerie won't be of making love together.

We've really tried to get the best of the world. Indulge in love by the book.

Add love about Betty Blue's enormous breasts. The result is not even. But that's the fun too.

All the best love more.

Thank you.
